

2011 Technology in the Tropics Conference

Proudly brought to you once again by **QSITE (Far North Queensland Chapter)** in association with **Education Queensland's eLearning Branch** and **eLearn FNQ**.

We're back! If you enjoyed the 2010 conference day @ JCU last year, you will love this year's offerings, as the event will be staged over 2 venues.

Early Phase Teachers (strictly limited number) can avail themselves of a range of "hands-on" workshops at the eLearning Centre @ Woree State School while **Middle & Senior Phase Teachers** can take part in the traditional mini-conference format of keynote speakers, elective sessions and a trade show. **Technology in the Tropics: eLearning** is hosted by the **Queensland Society for Information Technology in Education - (Far North Queensland Chapter)** and promises to once again be the premier eLearning professional development opportunity for Far North Qld educators. This pupil free day program will provide vital information on current directions for *eLearning* in schools and provide stimulating, practical workshops presented by a talented range of local and state speakers. Topics include engagement in eLearning, Learning Place, OneSchool for teachers, IWB's, Video and "green rooms", robotics, mobile technologies, 1:1 computing, etc.....

Once again, there will also be a great Trade Show, highlighting the best of what is on offer to North Queensland Schools. Come & join us! No TRS is necessary!

N.B. Numbers are strictly limited at both venues, so early registration is a must!

Monday 11th July, 2011 (Pupil Free Day)

Cost: * **QSITE Members \$65** (Maximum of 3 delegates per institutional membership @ member rates)
