Australian Educational Computing is the refereed journal of the Australian Council for Computers in Education (ACCE) and is published twice a year. Members of affiliated state computer education groups receive the journal. Other residents of Australia who wish to receive Australian Educational Computing should join the appropriate state computer education group as listed below. The overseas subscription rate is AUD$70 per annum. Cheques should be made payable to Australian Educational Computing.

All subscriptions and all administrative and distribution queries should be directed to:

**Advice to Contributors**

The editorial panel welcomes contributions in the form of original articles, letters, reviews, and reports. ACE provides a vehicle for the publication of articles for which a national audience is appropriate. These fall into a number of categories. There are articles relating to research in the educational computing field and which are likely to be of interest to a wide cross-section of teachers. These may come as follow-up papers from keynote speakers at national conferences, or might be the results of Australian or international research. In addition there are a number of educators who are exploring new ideas about the use of computers in the classroom and who are writing articles of national interest. The journal may contain reprinted articles from sister international organisations such as ISTE and IFIP, however the majority of articles should be Australian content.

• **Refereed/Reviewed** papers can be articles relating to research, theoretical articles, position or policy papers.

• **Non Refereed/Reviewed** papers can be papers relating to practice or policy.

• **Authors** should ensure that their manuscript conforms loosely to the American Psychological Association (APA) bibliographic convention.

• **Editors** should maintain a list of authors which will be updated annually.

• **Figures** and tables should be provided in camera-ready form.

• **Photographs** should be black and white rather than coloured.

• **Authors** should limit articles to a maximum of 4000 words.

• **Include** an abstract of 100-150 words.

• **Electronic copy** of the paper should be submitted via e-mail to the editor.

• **Authors** should include a **brief autobiographical statement** (include at end of article, before references section) and a current photograph.

• **Digital photographs** of authors should be standard size of around 140mm x 110mm and 300 dpi in resolution. When saved as a jpeg they should be about 400-600KB in memory. file sizes less than 100KB, and jpeg and gif files are not acceptable. Send photographs separately, do not embed in word doc.

Papers contributed for the **Refereed/Reviewed** sections will be anonymously refereed by at least two members of the Editorial Board. All submitted material will pass through an editorial phase to maintain journal standards and balanced coverage. All articles accepted may be published in both print and electronic forms. All material is copyright unless otherwise stated in writing and may not be reproduced in any form without the permission of the editor. Opinions expressed by contributors do not necessarily represent the views of the editorial panel or the Australian Council for Computers in Education. The Australian Council for Computers in Education does not endorse products or services advertised in this journal.

**Deadlines**

31st August, 2011 for Vol 26, No. 2

31st March, 2012 for Vol 27, No. 1

**AEC Position Paper on ICT in the Australian Curriculum**

**AEC Study Tour 2011**

Donna Gronn and Geoff Romeo, Australian Catholic University

**CONTRIBUTED PAPERS (NON - REVIEWED)**

**CONTRIBUTED PAPERS (REVIEWED)**

**Laptop classes in some Australian government primary schools**

Andrew E. Fluck, Faculty of Education, University of Tasmania

**Beginning teacher knowledge: Results from a self-assessed TPPACK survey**

Kathy Jordan, RMIT

**Netbook computers as an appropriate solution for 1:1 computer use in primary schools**

Kevin Larkin, University of Southern Queensland and Glenn Finger, Griffith University
