Australian Educational Computing is the refereed journal of the Australian Council for Computers in Education (ACCE) and is published twice a year. Members of affiliated state computer education groups receive the journal. Other residents of Australia who wish to receive Australian Educational Computing should join the appropriate state computer education group as listed below. The overseas subscription rate is A$50 per annum. Cheques should be made payable to Australian Educational Computing.

All subscriptions and all administrative and distribution queries should be directed to:

The Editor, Australian Educational Computing
Dr. Geoff Romeo, Faculty of Education, Monash University
PO Box 547, Frankston, Victoria 3190
E-mail: geoff.romeo@education.monash.edu.au

Deadlines
31st March, 2007 for Vol 22, No. 1

Advice to Contributors
The editorial panel welcomes contributions in the form of original articles, letters, reports and reviews.

• Authors should ensure that their manuscript conforms loosely to the American Psychological Association (APA) bibliographic convention.
• Apart from the title page no author identification should appear on the manuscript.
• Figures, tables and graphics should be provided in camera-ready form.
• Photographs should be black and white rather than coloured.
• Authors should limit articles to a maximum of 4000 words.
• Authors should include a brief autobiographical statement and a current photograph.

Papers contributed for the Theme Papers or Contributed Papers sections will be anonymously refereed by at least two members of the Editorial Board. All submitted material will pass through an editorial phase to maintain journal standards and balanced coverage. All articles accepted may be published in both print and electronic forms. All material is copyright unless otherwise stated in writing and may not be reproduced in any form without the permission of the editor. Opinions expressed by contributors do not necessarily represent the views of the editorial panel or the Australian Council for Computers in Education. The Australian Council for Computers in Education does not endorse products or services advertised in this journal.
