This is a special issue of AEC. In place of our normal refereed articles, representatives from each State and Territory were asked to prepare a report on the position of Computer Studies within their education systems. In addition to these papers the Australian Computer Society and the president of the Australian Council for Computers in Education, Michelle Williams, also provide discussion on this topic.

Unfortunately, the report from NSW was not ready in time for publication.

EDITORIAL BOARD

Dr Wing Au       Hong Kong Institute of Education, Hong Kong.
