Australian Educational Computing is the refereed journal of the Australian Council for Computers in Education (ACCE) and is published twice a year. Members of affiliated state computer education groups receive the journal. Other residents of Australia who wish to receive Australian Educational Computing should join the appropriate state computer education group as listed below. The overseas subscription rate is $50 per annum. Cheques should be made payable to Australian Educational Computing. All subscriptions, and all editorial material including papers, books, software and other products for review should be sent to:
