Pouring the Foundations CD

In response to the growing concern about preparing staff and students’ computer skills, Intouch Consultancy Pty Ltd, Australia’s leading computer training organisation for schools, is proud to announce the release of a unique computer training tool “Pouring the Foundations” CD-Rom developed in Australia for Australian teachers.

Topics covered on the CD include:

- Operate effectively
- Core Tasks
- Spreadsheets
- Multimedia
- Research skills
- Basic operations
- Word Processing
- Databases
- Graphics
- Internet & Email

At a cost of $495 (Inc GST) for a school site license, and just $25 for individual student copies*, the "Pouring the Foundation" CD Rom represents great value for money.

* only available with a school license

To order, fax your purchase order to 1800 151 995, call 1800 641 898 or email info@intouch.com.au
